YFC EDMONTON

Our mission is to invest in the lives of youth by providing holistic care, mentoring relationships, safe communities, and opportunities to give back. Our goal is not simply prevention but transformation.

Our vision is to see every young person have the opportunity to explore their potential and discover hope.

YOUTH MENTAL HEALTH REALITY

WHY YOU ARE NEEDED

An estimated 1.2 million children and youth in Canada are affected by mental illness.

Young people aged 15 to 24 are more likely to experience mental illness and/or substance use disorders than any other age group.

70 per cent of persons living with a mental illness see their symptoms begin before age 18.

Internet and social media engagement exacerbate feelings of loneliness, depression, and anxiety in young people.

After accidents, suicide is the second leading cause of death for people aged 15-24.
